

2010 Media Kit

PUBLICATIONS - PRINT & DIGITAL • E-MARKETING • WEB SITE • TECHCON SPONSORSHIP

SVC Bulletin Also distributed in a Digital Version

The *SVC Bulletin* is read by more than 15,000 working in the vacuum coating community and related sciences and technologies. The *Bulletin* is also available in a digital version and is distributed internationally using the extensive SVC E-mail list of subscribers.

TechCon Exhibit Guide

SVC Exhibitors! Advertise in this Guide to increase exposure to Technical Conference attendees. The popular digital version includes hyperlinked ads that enable deep linking and immediate access to an advertiser's web site. It is a valuable Guide that gets used before, during and after the TechCon.

Also distributed in a Digital Version

Enhanced Multimedia Advertising in Digital Publications

This year we've added enhanced digital advertising opportunities in our *Bulletin* and TechCon Exhibit Guide. Choose from a portfolio of digital enhancements that enable deep linking, rich media and video content that drive reader interaction with editorial content and advertising. See inside for details on this exciting program.

New! SVConnections E-marketing Program

Add a corporate image and text in the SVC monthly E-marketing campaigns. Announce new products or services, corporate news, participation in the TechCon or other conferences to our extensive E-mail marketing list.

SVC Web Site

We've added new web banner advertising positions on our Web Site for more effective marketing to the global vacuum coating community.

www.svc.org

The Society of Vacuum Coaters

is a non-profit professional organization committed to vacuum coating technologies.

Target Marketing Opportunities in SVC Print and Digital Publications!

Deadlines for Space/Artwork

Spring: January 5/15
Summer Issue: June 1/11
Fall: September 1/11

SVC *Bulletin* (Print and Digital Versions)

Also Distributed in a Digital Version

The SVC *Bulletin* informs and educates with its balanced mix of news and technology. The *Bulletin* is published three times each year (spring, summer, and fall), and is read by more than 15,000 professionals working in the vacuum coating community and related sciences and technologies.

The *Bulletin* features several original contributed articles and reprints of several of the many technical papers presented at the most recent TechCon.

Each issue also contains TechCon previews and reviews of important work presented at the TechCon, SVC committee activities, technical articles, Corporate Sponsor news and profiles, and Society and Industry news.

New Products and Services Section

This new section features products and services that have recently been introduced to the vacuum coating community. Listings in this section are accepted from 2010 Display Advertisers and will be run on a space available basis. This is an added benefit for our valued group of display advertisers.

Your ad in the *Bulletin* is also viewed by an international list of subscribers to our digital publications. This enhanced version offers viewers direct hyperlinks to advertisers, easy navigation and searchable content.

Request your preferred position early (see sidebar on opposite page). The *Bulletin* is a popular advertising venue and preferred positions fill quickly.

Deadline for Space/Artwork

February 5/15

TechCon Exhibit Guide (TEG)

(Print and Digital Versions)

Also Distributed in a Digital Version

The *TechCon Exhibit Guide (TEG)* showcases the products and services of exhibiting companies participating in the annual SVC TechCon Exhibit.

This is an excellent opportunity for exhibitors to promote their presence at the TechCon Exhibit. The advance, first class mailing of the TEG will go to thousands of potential visitors working near the TechCon location. We encourage exhibitors to send mailing lists to the SVC to include in this mailing.

The digital version of the TEG is sent to all SVC subscribers on a worldwide basis.

Advertising in the TEG is an excellent opportunity for exhibiting companies to emphasize products and services offered to the vacuum coating community and drive traffic to your booth.

New! SVCConnections E-marketing Program

E-mail marketing to our extensive SVC database has become a useful tool for promoting our annual TechCon, Exhibit and Education program. To help our exhibitors reach potential customers and promote participation in the 2010 TechCon Exhibit, we have developed an E-marketing Program. SVCConnections will be presented as a monthly E-mail update to promote TechCon exhibitors and SVC advertisers, and inform the vacuum coating community of news of special interest. This new program offers two options:

1. Once monthly E-marketing campaign that includes a logo, photo or unanimated graphic with link plus 50 words. Choose from two different options: 6 months \$600 or 12 months \$950.
2. 3-month E-marketing campaign that includes a logo with link and 20 words for \$250.

The advertiser can change the link, image and text monthly (new material must be received by the 28th of each month). The E-mail will be deployed on the first Wednesday of each month. The advertiser can select the start month; ads must run in consecutive months.

Please send all logos, photos, graphics and images in .jpg format and indicate the URL to which the image will link. SVC will resize images appropriately for placement in SVCConnections.

Digital Versions Offer Outstanding Benefits!

Now Offering Enhanced Multimedia Advertising in SVC Digital Publications

The digital versions of the *Bulletin* and *TechCon Exhibit Guide* are the same great publications as the printed versions, but are distributed to a global audience using the extensive SVC E-mail list of subscribers.

These paperless archives are downloadable to the reader's desktop for fast reference and easy storage. They are searchable for authors and topics of interest and include an automated table of contents.

This additional distribution is included in every advertising contract for the *Bulletin* and *TechCon Exhibit Guide*. Your ad in the digital publications has direct hyperlinks that make it easy for readers to connect to your web site as they view your ad.

Enhanced Multimedia Advertising Opportunities

SVC is moving the *Bulletin* and *TechCon Exhibit Guide* into the digital revolution! What does this mean for advertisers? This enhanced digital format enables deep linking, rich media and video content to drive reader interaction with editorial content and advertising.

Enhance your ad in the *Bulletin* with a Pop-up ad that introduces a new product or prompts readers to follow the linking to your web site. Your ad in the *Tech-Con Exhibit Guide* can be enhanced by embedding a video onto the page that is aimed at moving exhibit visitors to your booth at the TechCon Exhibit. Or a simple animated starburst added to your digital ad can highlight your participation as a TechCon Sponsor or presenter in the Innovators Showcase. The opportunities are endless and remarkably affordable!

Visit <http://online.qmags.com/SVCMK> to view the SVC Digital Media Kit and get details on the following advertising enhancements:

- Full Page Ads adjacent to the magazine cover (static or animated)
- Belly Bands
- Pop-up Ads (static or animated)
- Starbursts and arrows (static or animated)
- Video embedded into a page
- Animation or Flash Ad

Rates for Enhanced Multimedia Advertising

Rates for this advertising program are on the advertising insertion order and can be downloaded at www.svc.org.

SVC Preferred Placement Advertising Policy

Preferred placement for the *Bulletin* includes four color ads on the inside front cover, opposite inside front cover, inside back cover, opposite inside back cover and outside back cover.

As a membership organization, the SVC strives to provide advertising opportunities for members, exhibitors, and other companies in vacuum coating and related sciences and technologies.

All requests for preferred placement must be made in writing. Requests are honored on a first-come, first-served basis.

If the preferred position is not available at the time of the request, the advertiser can submit a separate request for the same position for the following year. Current advertisers should submit a written request to retain their preferred placements; this request can be honored only if there are no other requests pending for the same space.

The SVC cannot accept space reservations by telephone, only queries about space availability. If you have questions about submitting a request, please contact us at 505/856-7188 or E-mail: svcinfo@svc.org.

Use the Insertion Order in this Media Kit for your Preferred Placement Request. Complete the form and submit it with a letter requesting a preferred position in one or more publications.

Cancellation Policy: Preferred Placement ad contracts cannot be cancelled.

Advertising/Marketing Opportunities on the SVC Web Site and E-marketing Programs!

New! Lower Rates for Web Banner and Corporate Sponsor Logo Programs

The SVC Web Site continues to evolve, with added tools and features, member services, a searchable on-line Product and Services Directory, Q&A Forum, and technical information designed to attract new visitors and keep devoted users coming back.

In response to the economic climate and in efforts to support our members, affiliated companies and corporate sponsors, we have reduced the pricing on our Rotating Web Banner ad program and Corporate Sponsor logo program.

The Rotating Banner Ad and the Rotating Corporate Sponsor Logo are both located on the main page of the Web Site and include a URL link to the Web Site of choice.

New! Web Site Document Shop Banner Ad Opportunity

This new Web Site feature gives users the ability to search, review, purchase and download a variety of informational documents directly from the SVC Web Site! Your banner ad on pages within the Document Shop will be viewed by everyone using the site to search and download SVC documents.

"Visit Us Now" and Company Logo Links

Choose from a variety of other web advertising options designed to complement your print advertising program. Companies that exhibit at the TechCon can increase customer awareness by taking advantage of a link on our Virtual Exhibit section that sends customers to their Web Site with a highly visible "Visit Us Now" icon from their descriptive paragraph on the SVC Web Site. To complete the connection, advertisers can also add their company logo adjacent to the descriptive exhibit text.

In the Product and Services (P&S) Locator section, advertisers' names can be highlighted on the search result page and linked with a "Visit Us Now" icon to the company's web site. Companies can also choose the Enhanced "Visit Us Now" link on their company page, which features the company logo as the linking icon and takes users to the company's web site.

Used Equipment Bulletin Board and Career Opportunity Ads

If you need to sell equipment related to the vacuum coating industry, you can post your ad on-line in our *Used Equipment Bulletin Board*. This ad can include a 200 word description and will run for two months.

Have a position available? List your 300 word Career Opportunity ads on our Web Site and target vacuum coating professionals. *This service is always free for SVC Corporate Sponsors. Visit www.svc.org for more information.*

See pricing for all Web Site marketing opportunities on the opposite page.

SVC Corporate Sponsor Program

The SVC Corporate Sponsor Program links organizations interested in furthering the use and development of vacuum and plasma deposition techniques for PVD processing with the information exchange resources of SVC.

Corporate Sponsors play a vital role in the Society by ensuring that the technical programs are responsive to the interests of the vacuum coating community.

Many representatives from Corporate Sponsor companies are involved in the Technical Advisory Committees and the Standing Committees that shape the future focus of SVC. Each sponsor, in turn, receives many benefits.

A complete list of benefits of Corporate Sponsorship are

available on the SVC Web Site at: <http://www.svc.org/AdvertisingSponsorships/Corporate-Sponsor-Program.cfm>

Corporate Sponsor membership dues are \$1,100 for the first calendar year of application, and \$550 per year thereafter.

Please contact SVC if you are interested in discussing the SVC Corporate Sponsor Program at 505/856-7188 or svcinfo@svc.org.

Preparing Enhanced Multimedia Digital Ad Files

- **Specifications and Best Practices** for preparing enhanced multimedia ad files for our digital publications are included in the on-line SVC Digital Media Kit available at <http://online.qmags.com/SVCMK>. A PDF of these specifications and instructions is also available for download at www.svc.org/ad
- All prices are based on ad files supplied by the advertiser. Please contact SVC for a quote on preparing a digital ready enhanced file at **505/856-7188** or E-mail: svcinfo@svc.org.
- If you have general questions about Multimedia advertising in SVC publications, please contact SVC at **505/856-7188** or E-mail: svcinfo@svc.org.

Submitting Electronic Ads for Print Publications

- High-resolution (300 dpi or greater) PDF files with all fonts embedded. Do not include any OPI (open prepress interface) images in the PDF—they are rejected as low resolution proxy images and create problems!
- Color images must be saved in CMYK format. Do not supply color images in RGB format.
- If file size is larger than 12 Megs, **do not send by E-mail**. Please use the SVC FTP site. For FTP upload information, send an E-mail request to svcinfo@svc.org.
- Disclaimer: Ads containing spot or Pantone colors will be converted to CMYK if time does not permit the advertiser to be contacted to resubmit the ad.
- Mail advertising material to: Society of Vacuum Coaters
71 Pinon Hill Place NE
Albuquerque, NM 87122-1914 USA

Ad Cancellations and Agency Discounts

- No cancellations will be accepted or refunds made after the closing date for each publication.
- Preferred Placement ad contracts cannot be cancelled.
- There is a 10% discount for multiple ad placement on the same order (see insertion order).
- Recognized advertising agencies are encouraged to contact SVC for special discounts.

NOTES:

- Display ads exceeding the specified dimensions will be billed accordingly for additional space used.
- Read and follow artwork preparation information in the Ad Specifications section of this media kit.
- No cancellations will be accepted or refunds made after the closing date (see specific date for each publication).
- SVC is not responsible for any discrepancies (such as incorrect color, size, or fonts), when SVC specifications are not followed. Charges may apply for necessary alterations to your artwork to correct such errors.
